Description :

Prsentation de l'diteurIf you dream of living in a tiny house, or creating a getaway in the backwoods or your backyard, youll love this gorgeous collection of creative and inspiring ideas for tiny houses, cabins, forts, studios, and other microshelters. Created by a wide array of builders and designers around the United States and beyond, these 59 unique and innovative structures show you the limits of what is possible. Each is displayed in full-color photographs accompanied by commentary by the author. In addition, Diedricksen includes six sets of building plans by leading designers to help you get started on a microshelter of your own. Youll also find guidelines on building with recycled and salvaged materials, plus techniques for

making your small space comfortable and easy to inhabit.
